Your Support Matters

Your support of the Albany Public Schools Foundation could impact 21 schools and over 9,300 students.

Because of the generous support from donors like you, great things are happening for Albany public school students. Last year, with the help of our fantastic business and community partners, we were able to provide over \$230,417 in grants to help provide scholastic learning opportunities and foster student growth. In addition, \$212,650 in scholarships was awarded to graduating seniors, and funding was made available for suicide prevention and basic needs for low-income students. None of this would have been possible without your generous support.

We envision a community where young people are prepared for a successful future. We invite you to invest in Albany kids through the Albany Public Schools Foundation as we join together to provide enrichment opportunities, scholarships and programs benefiting over 9,300 students in the Greater Albany Public School District.

Again, we want to thank you for all that you do in support of Albany public school kids!

Thank you!

iSWIM FOR KIDS!

Each year, the Albany Public Schools Foundation hosts the iSwim for Kids “swim-a-thon” event. Students obtain pledges and swim at the Albany Community Pool. Half of the funds raised in the iSwim for Kids event will go directly back to the schools of the swimmers. The other half of the funds will be distributed through the Classroom Grants program.

Location: Albany Community Pool

Date: Saturday, February 25, 2023

Attendance: 200+ kids, parents & guardians.

* Only one sponsorship available for the Presenting Sponsor level.

Meet Austin . . .

"My father [left] when I was in sixth grade. This put me in a bad mental state and I became very troubled. I started to fail all my classes and get in trouble at school and with the law. I was doing really bad and not becoming the man that my mom and I knew I could be. I am extremely proud of my accomplishments because I see them as proof of my persistence and tenacity to not let my circumstances define me, but rather my ability to struggle and overcome so I can be successful"

Why the Student Assistance Program . . .

"Time and again, we see students flourish when obstacles are removed and resources are introduced in their place. As a credit union founded by educators, SELCO is honored to support the Student Assistance Program, which is filling crucial educational gaps and empowering student success."

Meet Tristan . . .

"I want to be able to eventually return to the Greater Albany Public Schools district to have the opportunity to serve my community and contribute my part. As a teacher, I want to be a mentor and an inspiration to kids who may not have a place at home to go for help and create one-on-one connections where students can feel welcomed and cared for."

Meet Sidnee . . .

"I have always held leadership as one of my core values whether I meant to or not. I am dedicated to my work and helping others and I am constantly looking for ways to help my community."

Meet Luis . . .

"Going to college would mean the world to me as I would be the first one in my family to ever get the degree. As a paramedic, I would get to help people; I like being able to put a smile on peoples' faces, even on the worst days."

Why Create a Scholarship . . .

"We created a scholarship through the Albany Public Schools Foundation as a simple and easy way to make a meaningful difference in the life of a local student. We hope that our scholarship helps bridge the gap between the next generation of community leaders and teachers and the higher education needed to achieve their dreams."

-Nathan & Erica Reid

TEACHER / STUDENT RESOURCE CENTER

Improving Student Outcomes by Providing Supplies

We are excited to be rolling out an amazing new program that ensures students and teachers have the resources they need to succeed. In these challenging economic times, many families are struggling to afford the basic necessities that their students need for school. We will be providing supplies to some of the most under-resourced students and schools in Albany. When children arrive to class with the supplies they need, teachers can focus on helping students achieve their best.

"When you are going to school hungry, when you don't know where you are going to sleep that night, you cannot focus on school, you cannot dream big."

- Marivi Wright
GAPS FACT Team Supervisor
