

Distance Learning Grants

School	Requested Items	Installment Paid
Memorial Middle School	We are needing incentives/rewards/prizes for our PBIS program, specifically around engagement and encouraging attendance/logging on. We would also like to assist families with scholarships to the Y or Boys and Girls Club who are needing additional support for their learners, but who cannot be home with them nor afford the fees themselves.	\$3,885.00
Liberty Elementary	Graphics Tablet XP-PEN G640 Digital Pad 6x4 Inch Pen Tablet for Digital Drawing - Instructional tool for teachers and Instructional SEA's 39.99 each (30) \$1199.70 White Boards, Dry erase pens, card protectors (plastic) 538.30	\$1,738.00
Meadow Ridge Elementary	Webcams for all teachers, headphones with mics for students, styluses for kindergarteners and first graders for tablets.	\$2,974.00
Central/Takena Elementary	Applications to support students during distance learning. (ie: Padlet, etc.)	\$1,789.00
Timber Ridge School	Paddlet- \$1500- Middle School E-Sports registration- \$600 Edpuzzle subscription - \$1,300 Total Request- \$3,400- All of the programs are designed to support our virtual learning and give staff options to create more engaging lessons and ways to communicate with their students.	\$3,564.00
South Shore Elementary	As we have started in virtual learning, we have discovered that we need additional funds to purchase items to help make virtual learning run smoother for both students and teachers. The funds will be used to purchase the following items: 50~ Headsets to use with Chromebooks \$750.00 20~ Cameras with built in microphones for classroom computers \$750.00 30~ Tabletop whiteboards and office supplies for teachers \$1096.00	\$2,596.00
Oak Grove Elementary	The teachers at Oak Grove are looking for home use ELA and math manipulatives to support student engagement. There is also a need for internet subscriptions to enhance Oak Grove's K-5 Guided Reading program. For our younger students, we are in need of internet subscriptions to support the development of phonemic awareness (the sound of our language).	\$1,737.00
West Albany High School	Money for the Music Program / the cost of our instrument repairs and the cleaning fees for instruments given to students. We usually collect fees from students to cover these costs and we as a district have decided not to collect any fees from students during distance learning. The costs to maintain and clean instruments is huge. This grant would help to cover those costs. I don't foresee there being any left over funds but if there are we would spend them to directly support students. Thank you for always helping us serve the youth in our schools. You are truly a gift to our students and staff. We appreciate you!!!!	\$6,367.00
Calapooia Middle School	We will be using some of this for an application called Padlet, which costs a little less than \$2,000 for our school. We would also like to use it for a digital subscription to Scholastic for kids to use at home, and for an application called WeVideo so our teachers can easily make videos for their students.	\$4,675.00
North Albany Middle School	NAMS would like to use these funds to purchase the following software possibilities to better create engaging learning opportunities for our students. *Nearpod - Teachers would be able to upload and make any PowerPoints, Google Slides, and videos interactive. *Pear Deck - Provides the ability to engage every student in class. Teachers can instantly see who's confused and who's ready for more. Through Google Slides, teachers are able to do formative assessments and interactive questions. *Padlet - Students can interact with each other in a secure and engaging way by adding posts with one click, copy-pasting, or dragging and dropping. *Upbeat Music - This website allows us to record videos that go together immediately for performance purposes. *Middle School Esports League	\$2,975.00
Lafayette Elementary	We are purchasing school supplies and materials for individual students - White boards, white board pens, pencils, manipulatives for math, folders for organization.	\$2,011.00
North Albany Elementary	I anticipate needing supplies for students that will assist in their online learning. Things like white boards, manipulatives, books. These are all things we usually have one class set of and share between the two classes in each grade. I also anticipate needing additional technology pieces that will help smooth out our virtual teaching practices. I hope we will be able to use the money to keep our NAE culture positive. We are putting together a virtual Mileage Club that any student can participate in from home. I would love to have some of this funding go to helping with that as well. Mailing funding to help offset costs of sending home rewards students have earned in class would also be nice to be able to spend some of this money on.	\$1,520.00

Periwinkle Elementary	To meet the needs of students, teachers will need more digital tools for teaching small group reading. RazKidsPlus is a digital tool that provides digital and printable leveled readers as well as lesson plans to accompany books. I would like to request 14 licenses for RazKidsPlus in order to increase our teachers' digital toolkit for teaching small reading groups online.	\$2,691.00
Waverly Elementary	We are seeing students with needs in two main areas: technology and self-regulation. We would like to be able to purchase headphones for students and webcams and adapters for teachers so that they can connect better with their students while online. In addition, students who struggled with self-regulation in the classroom have also been struggling in the virtual environment, and we have received multiple request for alternate seating and sensory tools for students while they are at home.	\$2,172.00
Tangent Elementary	The teachers at tangent are looking for home use manipulative for students to be engaged. There is also a need for internet subscriptions to use for teaching guided reading and phonemic awareness.	\$910.00
Oak Elementary	Below are the technology needs for Oak Elementary. These Technology needs are necessary to provided quality distance learning to all students. Utilizing these specific tools allow teachers and students to have familiarity with routines and continuity from classroom to distance learning. Document Cameras that are app compatible for teachers and students to utilize this resource and experience authentic learning. Web Cams provide a clear picture and microphone for students to hear instruction to provide quality virtual learning/instruction. 5 Doc Cameras at a cost of \$275 each for a total \$1,375 Web cams 3 cameras at \$24.99 each Total \$74.97 (we are no longer able to purchase additional cameras at this price) Web cams 10 at \$41.79 for a Total of \$417.90 Total expenditure is \$1,867.87	\$1,868.00
South Albany High School	We anticipate needing: Padlet subscription - 2000.00 Upgraded video recording devices for PE & Performing Arts - 2500.00-5000.00 Kami App - unknown amount Staff Needs - 1000.00	\$8,320.00
Sunrise Elementary	Our students need math manipulatives in order to understand math concepts. Younger children need more manipulatives because they are very concrete learners. They can reason about real objects, but they have trouble thinking abstractly about numbers. In addition, it has been proven that manipulatives are essential in teaching mathematics at all elementary grade levels. The attached research indicates, "the National Council of Teachers of Mathematics (NCTM) has recommended the use of manipulatives in teaching mathematical concepts at all grade levels." As part of our distance learning program, we are preparing individual kits to be sent home with each child to use to gain understanding of math concepts. We would like to allocate all of our distance learning grant funds to acquiring manipulatives for children in grades K-5. These will benefit the 300 children who are enrolled for the 2020-2021 school year.	\$2,474.00
Albany Options School	We plan to use these funds for "classroom" supplies. For example, we want to purchase art supplies that we can provide our students, such as sketch books, drawing pencils, etc.	\$734.00
Total		\$55,000.00
