Calapooia Middle School - Go-Kart project

YOUR SUPPORT MATTERS

Because of donors like you, great things are happening in our schools. During the 2018–2019 school year, you supported low-income students through the Student Assistance Program; you purchased sleeping bags and camping supplies so students could go to Outdoor School; you supported a suicide prevention program in middle schools and high schools; and you provided amazing enrichment opportunities through the classroom grant program. Thank you!

Fall is just around the corner and we are again gearing up for the classroom grant program. Last year we received a record amount (\$102,000) in grant requests from teachers for great things such as experiential learning with Xylophones, library books, Lego robotics, gymnastics equipment and an electric Go-Kart project at two middle schools.

Would you be willing to make a donation of \$25, \$50, \$100 or more in support of classroom grants? Any size donation will make a big difference.

Your support makes great things happen! Please consider an investment in Albany kids through a generous classroom grant donation. Classroom grants engage kids in the education process, build skills and open doors for career exploration.

If you have questions about classroom grants or would like to set up a meeting to learn more about the Albany Public Schools Foundation and all of our programs, please contact Aimee Addison or Faith Vawter at 541-979-2773 or email info@albanypsf.org.

Again, thank you for supporting Albany public school kids!
