Your Support Matters

Our Mission

The mission of the foundation is to generate and distribute resources that enrich and enhance education opportunities for all students, encourage teachers to implement innovative education programs, and award scholarships to Greater Albany Public School District students.

Our Vision

Every Student. Every Opportunity to Succeed.

Our Strategic Plan

The Albany Public Schools Foundation will secure resources from various community sources to support Albany Public School District educational and enrichment programs for which school funds are not available. These programs will stimulate excellence in and mobilize community support for enhancing the quality of education in the District. The Foundation will inform the community about the strengths and innovative programs in the public schools to build confidence in the schools and encourage community and business financial and non-financial support.

How We Started

Albany Public Schools Foundation was formed and incorporated in 1984 by a group of concerned citizens to help meet the educational needs of youth in the Greater Albany Public School District. With an initial donation of \$500, the Foundation was financially established and has flourished with the generous support of local community leaders and businesses. From the initial donation, the Foundation's assets have grown to a total of \$4.6 million as of fiscal year-end June 30, 2023. The Foundation manages over \$2.3 million in endowments that have been primarily established for scholarship purposes through bequests and other planned gifts.

Currently, the Albany Public Schools Foundation's board of directors is made up of 18 members. These dedicated individuals include active and retired teachers and administrators, local business leaders and dedicated community members.

**Your sponsorship of the Albany Public Schools Foundation will impact
20 schools and over 8,800 students.**

Meet Some Scholarship Winners

Betsy

“My parents are my biggest motivation, I’m here not only because of my accomplishments but because of their hardworking hands that helped guide me here...The reason I want to push myself to do something with my life after high school is because my parents have always wanted that for me and they’ve always reminded me that I have their support with whatever I decide.”

Reece

“College is not a very emphasized thing in my family...I still want to pursue a college education, though, because I believe that being educated increases your skills, knowledge, and ability to be employed...I think that by pursuing college I am bettering my future and quality of life that I will appreciate doing so later in my life.”

Amelia

“Growing up I have always been surrounded with love and support with all of the activities and academic ventures that I have been on. As I move up in this world I want to give and be there for people who didn’t get that lifestyle as I did...Giving back is probably the most rewarding thing anyone can do.”

Why Create a Scholarship?

“We created a scholarship through the Albany Public Schools Foundation as a simple and easy way to make a meaningful difference in the life of a local student. We hope that our scholarship helps bridge the gap between the next generation of community leaders and teachers and the higher education needed to achieve their dreams.”

PEELY'S TEACHER SUPPLY HOUSE

Improving student outcomes by providing classroom and school supplies to teachers in the Greater Albany Public Schools District

We are excited to announce the opening of Peely's Teacher Supply House. After many years of planning, Peely's will be open by Fall of 2024.

Peely's Teacher Supply House will provide school and classroom supplies to teachers at no cost. These are items that teachers often have to buy with their own money.

Tight school district budgets mean teachers may not have access to enough classroom supplies for the year. Peely's Teacher Supply House will help teachers fill these gaps.

With your help we can provide our teachers with supplies they need for their classrooms to help our students have every opportunity to succeed.

We Welcome Donations!

- Teacher Classroom Supplies
- School Supplies
- Gift Cards
